## Art. 29 - Turnover report (X/Z)

*Art. 29: The turnover report must, in addition to its designation 'X TURNOVER' or 'Z TURNOVER' in capital letters at the top, contain at least the following data for the opening period concerned:*

- **a** the name or company name of the taxable enterprise;
- **b** the VAT identification number referred to in Article 50 of the VAT Code of the enterprise mentioned in point a. (VAT number);
- **c** the establishment number (Crossroads Bank for Enterprises) of the business establishment where the registered cash register system is installed and to which the report relates;
- **d** the date and time when the report was created;
- **e** the identification of the cash register(s) to which the report relates;
- **f** the production number of the FDM and the references of the first and last event recorded in the FDMs whose data is included in the report;
- **g** the booking date to which the report relates;
- **h** the date and time of the start and end of the opening period;
- **i** the total turnover realized for event label N (including VAT);
- **j** the total turnover realized for event label N (including VAT) for the different main groups/departments, where these are used;
- **k** the total taxable base per applicable VAT rate for event label N;
- **l** the VAT amount per applicable VAT rate for event label N;
- **m** the total turnover realized for event label N (including VAT), broken down by applicable VAT rate (sum of the amounts in k. and l.);
- **n** the total registered payments, broken down according to the payment methods used and registered;
- **o** the total roundings, as registered in the payment lines;
- **p** the number of VAT cash register tickets issued (event label N);
- **q** the number of cash drawer openings without a transaction being registered;
- **r** the number of training tickets created and their total amount (including VAT) (event label T);
- **s** the number of refund tickets created and their total amount (including VAT);
- **t** the number of pro forma tickets created and their total amount (including VAT) (event label P);
- **u** the number of discounts and surcharges granted and their total amount (including VAT), broken down by type;
- **v** an overview of the amounts (including VAT) of functionalities, such as corrections, refunds, line cancellations, etc., other than those referred to in point u, which reduced total turnover, regardless of the event label in which they were originally entered (event label P or N), broken down by type;
- **w** the numbers and amounts (including VAT) of invoices issued in accordance with Article 31;
- **x** the reference of the first and last event included in the report.
- **y** only for the Z report: a continuous numbering from an uninterrupted series.
