Art. 20 - Mandatory mentions

Art. 20: "The VAT cash register ticket contains, pursuant to Article 2, 7° of the Royal Decree of 30 December 2009 defining the registered cash register system and the conditions it must meet, at least the following mentions:"

- **a** the full designation "VAT CASH REGISTER TICKET";
- **b** the identification of the issuer by stating its name or company name, its address and its VAT identification number referred to in Article 50 of the VAT Code;
- **c** the commercial designation of the business;
- **d** the establishment unit number (zoals geregistreerd bij de Kruispuntbank van Ondernemingen);
- **e** the identification of the cash register system by its production number referred to in Article 46, together with the version number of the cash register software installed on it;
- **f** the identification of the terminal;
- **g** the identification of the input device; this means, in order of availability: MAC address, serial number, IP address, etc.;
- **h** the identification of the user (so that the user can be identified within the company), as provided for in Article 1, 9°;
- **i** the date and time of issuing the VAT cash register ticket (generated by the cash register system);
- **j** a continuous ticket number from an uninterrupted series (generated in accordance with Article 13 of this decree);
- **k** registered transactions or product lines; these contain: - quantity, description, total line price, VAT rate code; - applied price changes and messages;
- **l** the total amount due on the ticket, including VAT;
- **m** the taxable base per applicable VAT rate, as calculated by the FDM;
- **n** the amount of VAT due per applicable VAT rate, as calculated by the FDM; price changes not mentioned in the product lines;
- **o** the control data created and transmitted by the FDM. These are printed in a readable manner;
- **p** the applicable payment lines, including any roundings, tips and other payments (refunds);
- **q** the QR code, containing the URL transmitted by the FDM.
